## Profile

---

Junior web developer, UX/UI designer and community manager just entering the professional world through academic and personal projects. I learn quickly, stay curious about the latest digital trends and bring enthusiasm and value to every task. I'm proficient in HTML5, CSS3 and JavaScript, as well as design tools such as Figma and Adobe XD. I also have basic experience in social-media management (Facebook, Instagram, LinkedIn) and content creation to boost engagement.

## Technical Skills

---

- **Front-End & Frameworks:** HTML5 · CSS3 (Flexbox, Grid, SASS) · JavaScript (ES6+) · React · Bootstrap
- **Wireframing & Prototyping (UX/UI):** Figma · Adobe XD · Sketch · InVision · Axure RP · Balsamiq · Zeplin · Marvel App
- **User Research & Testing:** Hotjar · Maze · Google Analytics
- **Visual Design:** Photoshop · Illustrator · After Effects
- **Office & Data:** Advanced Excel (pivot tables, forms, basic VBA)
- **Video Editing:** Premiere Pro · After Effects (or similar)
- **Community Management:** Content planning · Community engagement · Reporting (Facebook, Instagram, LinkedIn)

## Certifications & Courses

---
